

LED FLAT INTERIOR LIGHT

SHOWCASE

FEATURES

PRO-GRADE LIGHTING

- Top grade LEDs for efficient lighting.
- Diffused lens for maintaining brightness and reducing harshness.
- 120-degree beam spread for wide visibility.
- Multiple LED color options.

PRO-GRADE ELECTRONICS

- Touch dimmer switch & proximity sensor options.
- Ultra low current draw for start battery compatibility.
- Battery rechargeable options.

PRO-GRADE CONSTRUCTION

- Sleek, pleasant styling.
- Robust and tough aluminum+plastic build

OPTIMAL USE CASES

Interior of any storage or mobile cabin

- Caravans, RVs, motorhomes, etc.
- Trailers, mobile kitchens, mobile fridges, etc.
- Gun cabinets, work desks, display shelves, etc.

BASIC INFO

Electrical/Optical Properties	
Light Source	SANAN SMD3014 LEDs 260mm: 48pcs 410mm: 78pcs
Beam angle	120°
Luminosity (white)	260mm: 140lm 410mm: 230lm
Power Consumption	260mm: 2.3W 410mm: 3.7W
Proximity Sensor Specs	Cone angle: 120° Effective distance: 2m

Material Properties	
Size	41mm (W) x 9mm (H)
Housing Material	Aluminum + polycarbonate
Lens Material	UV stablized, coated polycarbonate
Cable specs (12V model)	500mm, 18 AWG
Battery specs (Rechargeable model)	3.7V, 1500mAh
Ingress Protection Rating	IP20
Working Temperature	-40 °C - 120 °C
Certifications	RoHS, CE, FCC, C-Tick, E-mark
Lifespan	50000 hrs+
Warranty	2 yrs

Function Options

L: Touch Dimmer R: Proximity Sensor

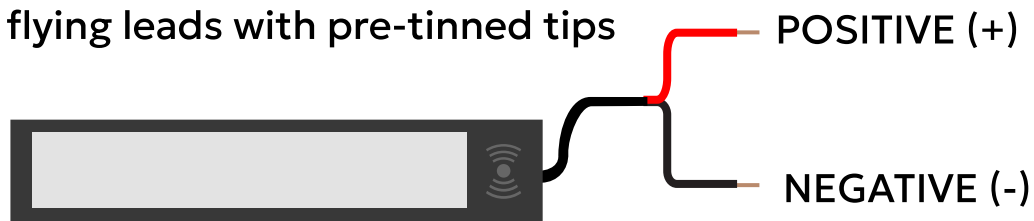

- **Touch Dimmer:** Tap on the touch pad to change color modes; press and hold the touch pad to change brightness.
- **Proximity Sensor:** When activated, the sensor detects human presence and turns on the light for a time period.

INSTALLATION

12V Touch Dimmer Model

Wiring:

2 flying leads with pre-tinned tips

Mounting:

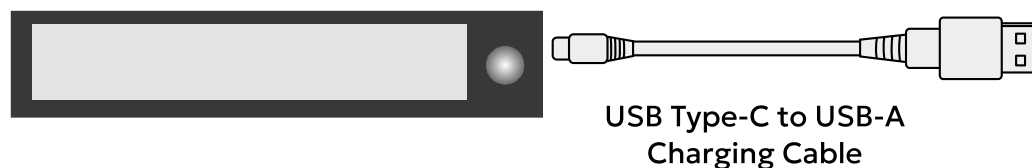

Screw mounts with rubber cover

5V Rechargeable Sensor Model

Wiring:

None or USB charging cable

Mounting:

Magnet mounts + adhesive steel brackets

CUSTOMIZATIONS

- **Packaging:**
 - **Standard packaging:** White cardboard boxes
 - **Custom packaging:** Custom printed cardboard boxes, etc.
- **Logo printing:** Printed logo on housing, etc.
- **Wiring:** Various wire lengths and connection options available

WARNING

- 1. The lights must be used only for the prescribed purpose.** To use the lights properly, please closely observe the instructions found in the manual. Any uses outside those mentioned in the manual will be considered misuse. **The manufacturer shall not be liable for any damage or injuries resulting from misuse.**
- 2. Keep children away from electrical equipment.** Make sure the children are under supervision when operating the lights.
- 3. Do not use any power supply that outputs any voltage outside of the lights' nominal voltage range.** Over-voltage can cause irreversible circuitry damage and even fires.
- 4. Do not use the lights in the temperature outside of the operational range.**
- 5. Do not clean your lights with water or harsh detergents.**
